Delhi NCR, India

PROFILE

Data Engineer with **4+ years of Data Engineering experience** and **5+ years of overall professional experience**, specialising in designing, developing, and monitoring scalable **ETL/ELT pipelines** and production data workflows. Proficient in **Python, SQL, Apache Spark, PySpark, and Databricks**, with hands-on production experience at **Maruti Suzuki India Limited (MSIL)**, one of India's largest automotive manufacturers. Experienced in **IBM Cloud Pak for Data, IBM Watson Pipeline, AWS S3, AWS EC2, and Delta Lake**. Adept at end-to-end monitoring of production pipelines, **Root Cause Analysis (RCA)**, **Adhoc Data Analysis**, and delivering ETL solutions for cross-functional business teams.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Big Data Technologies: Apache Spark, PySpark, Spark SQL, Delta Lake

Cloud & Platforms: Databricks, IBM Cloud Pak for Data, AWS S3, AWS EC2, IBM Watson Pipeline

Databases: IBM Db2, MySQL

DevOps & Version Control: Git, GitHub, Jenkins

Tools: DBeaver, Jupyter Notebooks

EXPERIENCE

Diensten Tech Ltd (Deployed at Maruti Suzuki India Ltd)

August 2023 – Present

Data Engineer

Gurugram, Haryana

- Develop, optimise, and maintain **ETL/ELT pipelines** using **Python, PySpark, and Apache Spark** within the **Databricks** workspace, processing large-scale automotive datasets for one of India's largest vehicle manufacturers.
- Perform end-to-end **monitoring of daily production jobs and data pipelines** in Databricks, conducting **Root Cause Analysis (RCA)** and timely **One Time Load (OTL)** resolutions in the event of pipeline or job failures.
- Execute **Adhoc data extraction and transformation** requests from cross-functional departments using **SQL and PySpark**, enabling data-driven decision making across multiple business teams.
- Developed and maintained **KPI dashboards** and data validation frameworks to support performance tracking, operational reporting, and business intelligence requirements.
- Worked on **IBM Cloud Pak for Data** and **IBM Watson Pipeline** for ETL development, KPI development, and job orchestration using **Python, PySpark, and Jupyter Notebooks** prior to cloud migration.
- Managed and queried structured enterprise data on **IBM Db2** using **DBeaver** and the **Databricks SQL Editor** for data validation, analysis, and pipeline support.
- Worked in an environment undergoing large-scale migration from **IBM Cloud Pak for Data** to **AWS + Databricks + Jenkins (CI/CD)**, gaining practical exposure to cloud-native data engineering infrastructure and workflows.

Shri Raj Construction

April 2021 – Augu 2023

Site Engineer

Noida, Uttar Pradesh

- Managed and maintained structured **project data records** covering material consumption, labour allocation, and cost tracking across multiple active construction sites.
- Developed **Excel-based reporting dashboards** for project progress tracking, resource utilisation analysis, and cost forecasting to support senior management decisions.
- Coordinated with project teams to **collect, validate, and compile** daily operational site data for weekly progress reporting and stakeholder presentations.
- Supported procurement and inventory planning by maintaining structured records for materials and equipment, reducing manual reconciliation effort.

CERTIFICATIONS

Databricks Accreditation – AWS Databricks Platform Architect (Databricks, 2026)

Databricks Accreditation – Databricks Fundamentals (Databricks, 2025)

Databases and SQL for Data Science with Python – with Honors (IBM / Coursera, 2023)

Data Analysis with Python (IBM / Coursera, 2023)

Python for Data Science, AI and Development (IBM / Coursera, 2023)

Python Project for Data Science (IBM / Coursera, 2023)

Tools for Data Science (IBM / Coursera, 2023)

Data Science Methodology (IBM / Coursera, 2023)

What is Data Science (IBM / Coursera, 2023)

Math for Data Science, Data Analysis and Machine Learning (Udemy, 2023)

MySQL Bootcamp (Udemy, 2022)

EDUCATION

Guru Gobind Singh Indraprastha University, Delhi	2017 – 2021
<i>Bachelor of Technology (B.Tech)</i>	<i>Delhi, India</i>

LANGUAGES

English (Professional Working Proficiency)

Hindi (Native)
